Calls may be recorded for training or monitoring

Dear Applicant,

Thank you for your interest in the position of Environmental Health Officer / Graduate Trainee Environmental Health Officer. It is good to have the opportunity to share my thoughts with you about this important role.

It provides a really exciting opportunity for a positive and enthusiastic person to join our busy Environmental Protection Team, and would be ideal for someone looking to use and develop their knowledge in Environmental Protection work, including statutory nuisance investigations, planning and licensing consultations, animal licensing applications, private water supplies, air quality work, permitted process inspections, contaminated land searches and investigations, and defective drainage investigations. Your key skills will include working well under pressure and on your own initiative. You will have excellent communication skills with the ability to solve problems

This role will provide the successful candidate with an outstanding opportunity for career development, especially if you apply for the graduate trainee post. You will find Waverley to be a positive and supportive place to work, with clear ambitions and a strong ethos of team work and collaboration. You will be given ample opportunity to make your mark and further progress your career. You will be joining a lively and high performing team who recognise the importance of working hard and fostering strong relationships with surrounding colleagues to deliver excellent results.

I hope that the opportunity of joining Waverley in this key role appeals to you. If you have what it takes to join this high-performing team, we would love to hear from you.

Yours sincerely,

Richard Homewood
Head of Environmental Services
